Our Promise to you and your customers...

- By using the ScratchStats Scoring System™, you will gain dynamic insight about your golf potential now, and in the future.
- You will become a more focused and competent golfer on the course by consistently applying this evolving knowledge.
- You will be in possession of accurate and revealing data that will guide you toward better course management decisions.
- You will enjoy the process because the process will be an effortless way of charting your performance as you play.
- Finally, the knowledge that you gain from analyzing your round performance will enlighten you about the areas of your game that need the most improvement.

Introducing... the ScratchStats Scoring System™

We invite you to take a few moments of your time to see the extraordinary benefits of using and distributing our Charting and Scoring System. We have created this educational tool to improve the quality of the golfing experience. It's more than just statistical information, it's a revealing look at performance levels within Color Zones!

What are Color Zones? Quite simply, they provide a graphic and insightful way of charting your golf game. Using the Color Zones makes your thought process more organized so you can better analyze the weak areas of your round performance.

We know this will be an exciting opportunity! Enclosed you'll find our sign-up form to get you started. We welcome your interest and hope that you decide to give our products a try.

There are 4 Color Zones...

Yellow for Round Data • Scoring Averages & Percentages

Blue for Tee Shot Accuracy • FIR Percentages

Red for Approach Shot Accuracy • GIR Percentages

Green for Putting Totals • Scoring and Percentages

Beautifully printed in full color!
All of our products come with a
complete satisfaction guarantee!
